

VORLAGEN

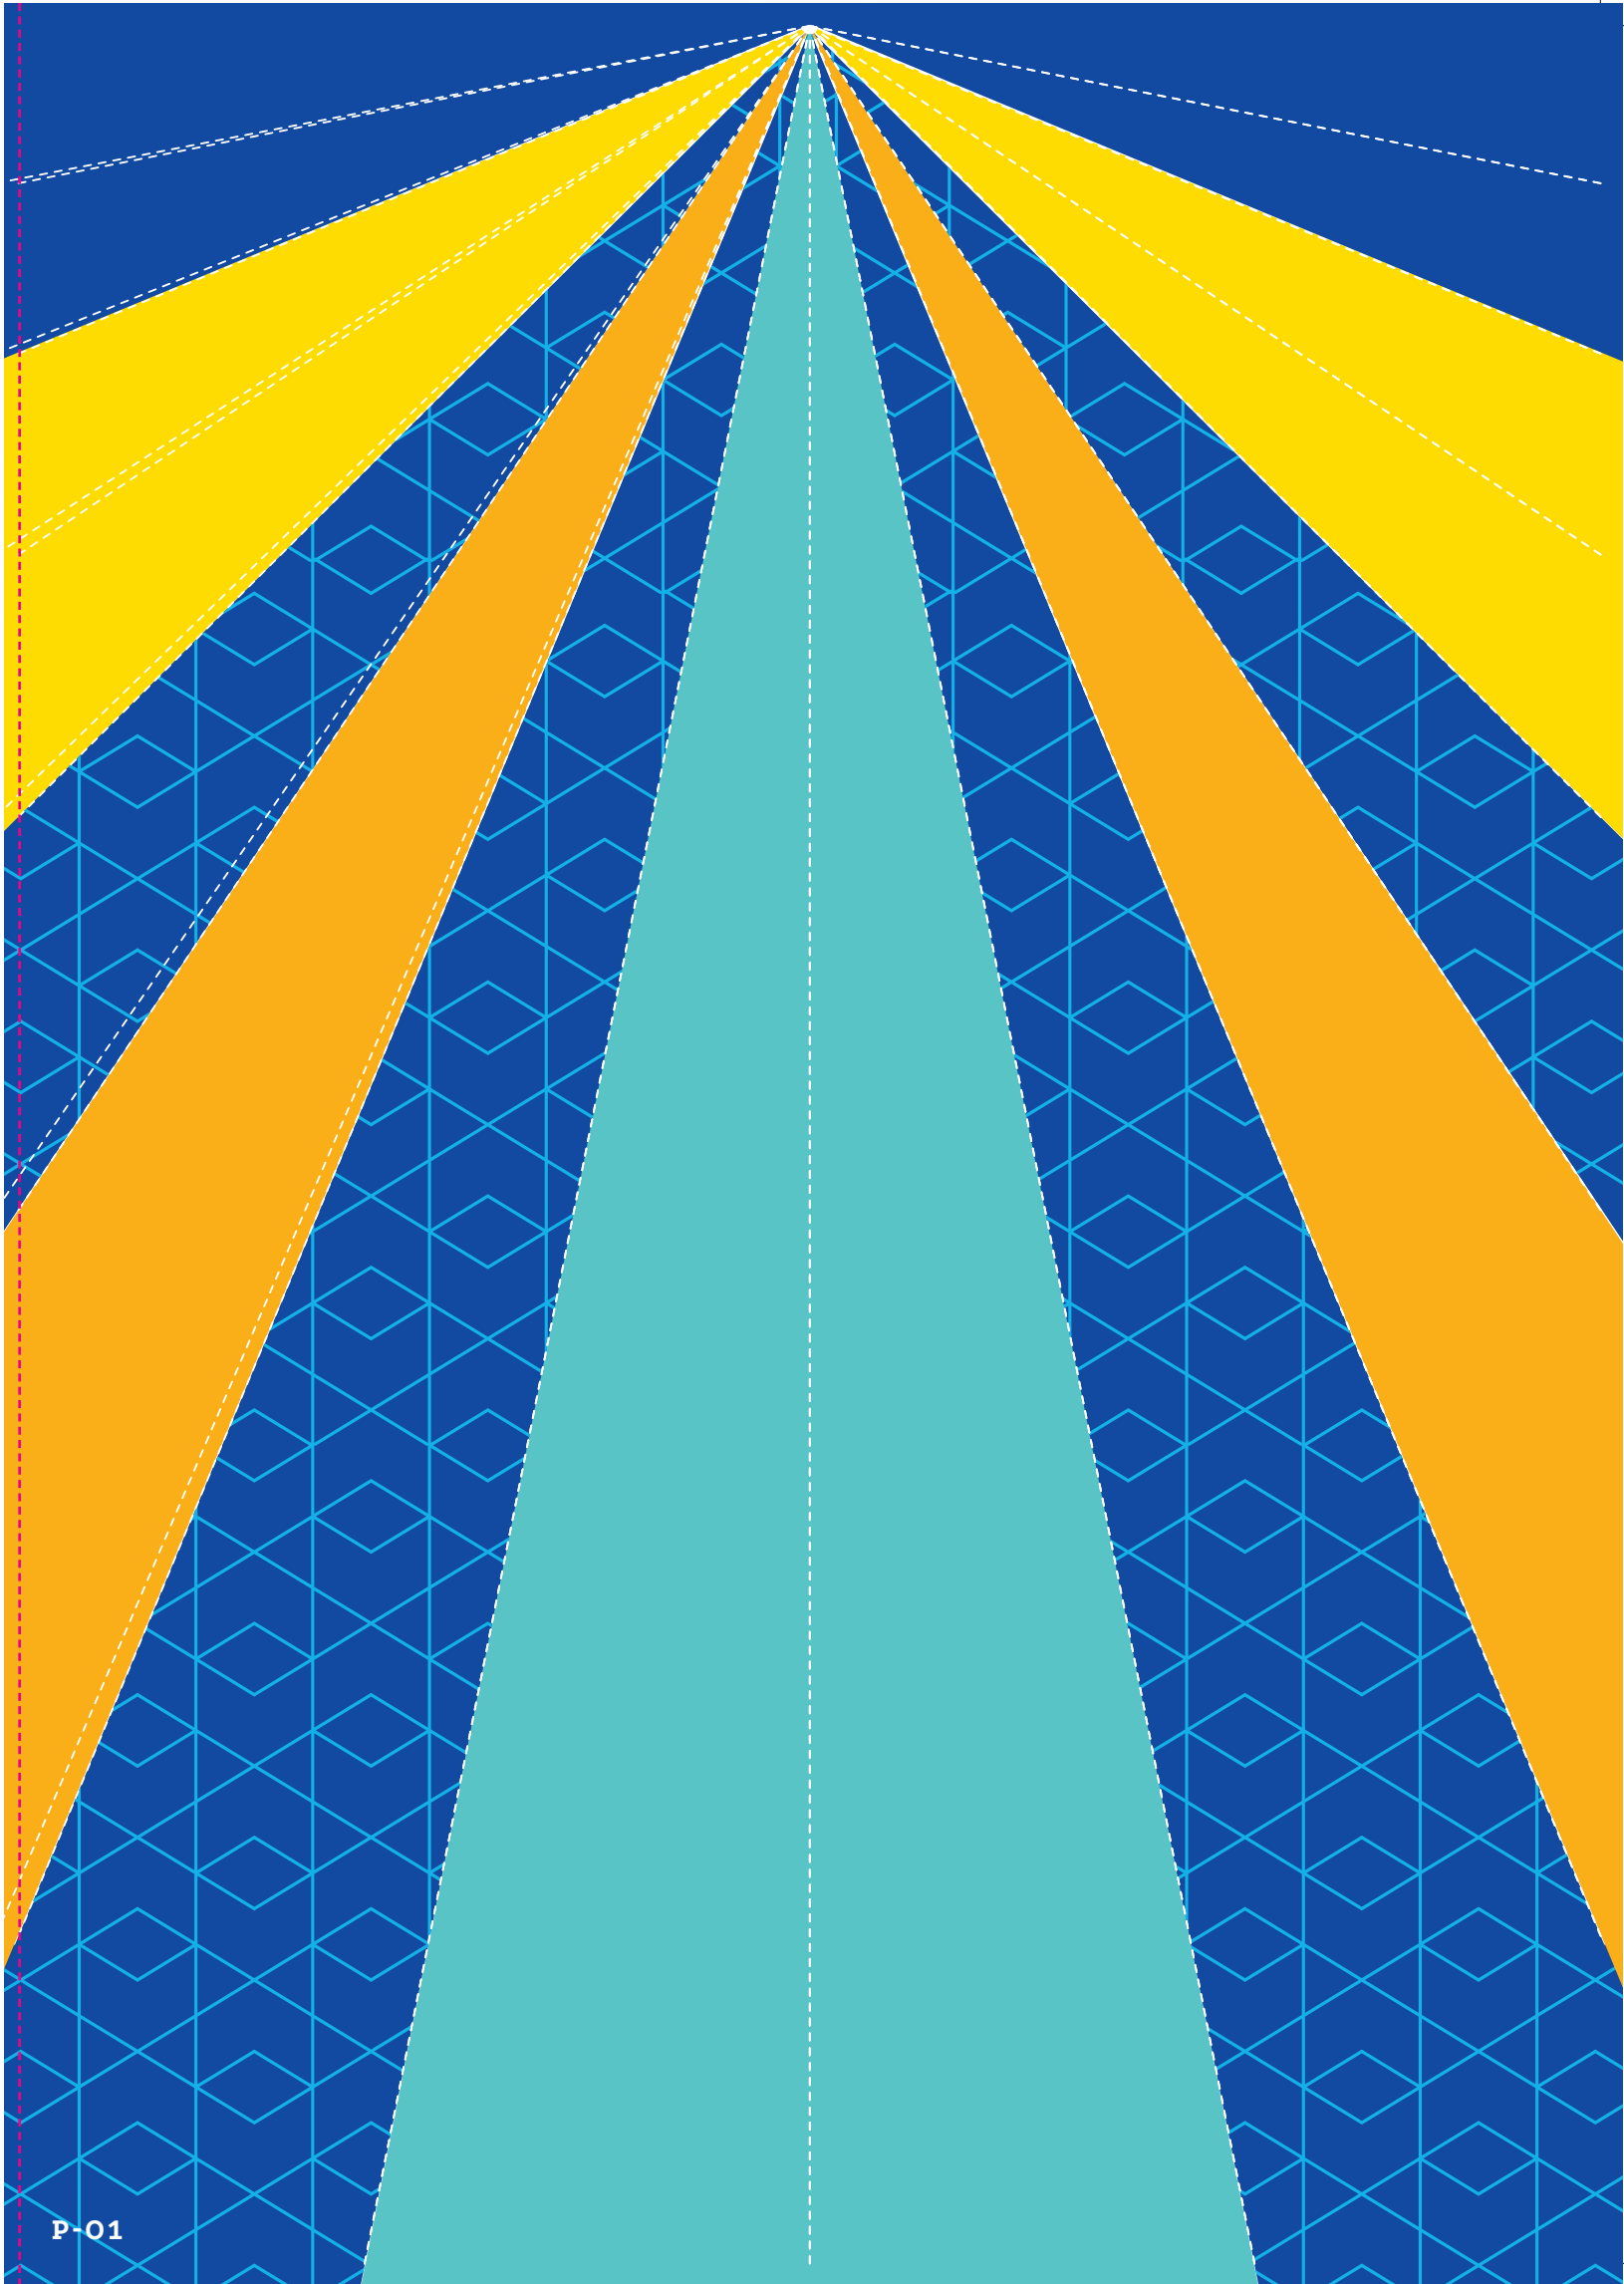

Viele bunte Papierbogen warten nur darauf, von dir gefaltet zu werden! Pro Flieger gibt es jeweils einen Bogen mit vorgedruckten Faltnlinien. Gerade, wenn du mit dem Falten deiner ersten Papierflieger beginnst, werden sie dir eine große Hilfe sein. Damit du weißt, welches Papier zu welchem Fliegermodell gehört, findest du unten links die Nummer des jeweiligen Papierfliegers. Wenn du noch etwas mehr üben möchtest, findest du diese Papiere hier zum Download:

Als Nächstes kannst du dich dann an das Falten mit den Papieren ohne Linien machen! Natürlich lassen sich alle Flieger auch mit jedem anderen DIN-A4-Papier falten, das du gerade zu Hause hast.

VIEL SPASS BEIM FALTEN!
